PRODUCT FEATURES

- **BB** Digital controller and temperature display. To save energy and reduce heat production, the unit has fans with electronically commutated motors that circulate cold air.
- Temperatures in the cabinet range from 33 to 38 degrees Fahrenheit
- Each of the doors has an exterior made from laminated black vinyl, which matches the rest of the cabinet's exterior. The front and sides of the unit are covered in a wear-resistant laminated black vinyl that complements the stainless steel countertop bar area.
- Heavy-duty casters with brakes are included providing the unit with convenient mobility, making cleaning and servicing a breeze!

 Just roll the unit away from the wall.
- Heavy-duty gaskets on the doors prevent cold air from leaking out, while polyurethane insulation keeps warm air from seeping in.
- To accommodate various products has six black PVC-coated wire shelves that are adjustable in 1/2-inch increments.
